STILL I RISE PROMOTES E-LEARNING FOR ALL REFUGEE CHILDREN AND OUT OF SCHOOL STUDENTS AROUND THE WORLD. THE PLATFORM IS SPECIFICALLY THOUGHT FOR STUDENTS AGED 11 TO 17.

At the beginning of the COVID-19 pandemic we had to lock down our centers, saying a sad and uncertain goodbye to all of our students. We started thinking about how we could contribute. The answer came clearly to our minds: we must migrate our regular curriculum for students online. High quality education, that encourages passions and fosters curiosity, available for all students worldwide. We create TOGETHER, and we hope your students can enjoy and love it as much as we do.

Michele Senici, Education Director

STILL I RISE is a non-governmental and non-profit organization. Our headquarters is in Rome, and we are currently operating in Greece, Turkey, the UK, and Kenya. Our mission is to provide education to refugee and destitute children, ensuring their personal and social development. We operate youth centers and high quality international schools for the forgotten children. Still I Rise is independent and apolitical. The very existence of our mission relies entirely on private donations from individuals and groups who believe in our work. We abide not by the interests of the powerful but by the needs of the people we serve.
WE CREATED TOGETHER
BASING IT ON TWO SOLID STATEMENTS:

“WE ARE HERE TO CULTIVATE STUDENT INTERESTS, PASSION AND CURIOSITY”

TOGETHER does not administer any of its courses using conventional teaching styles. Still I Rise wants its students to become passionate, curious and out-of-the-box thinkers.

“WE PROVIDE THE BEST POSSIBLE EDUCATION IN THE MOST UNCONVENTIONAL CIRCUMSTANCES”

Educating is a delicate process. In order to ensure quality education, Still I Rise recruits and properly vets the teachers and adequately reviews all the materials, lessons and teaching strategies.

WE HAVE 11 COURSES OPEN FOR ENROLMENT
WE WILL ALSO PROVIDE STUDENTS WITH FREE INTERESTING EDUCATIONAL RESOURCES WHICH CAN BE USED FOR INDIVIDUAL DISCOVERY.
ALL COURSES ARE OFFERED IN ENGLISH BUT OUR FLAGSHIP COURSE IS ENGLISH ABC: WE ARE BRINGING ONLINE OUR EFFECTIVE TEACHING METHOD WHICH HAS SEEN STUDENT AFTER STUDENT LEARN ENGLISH AT A REMARKABLE PACE.

ENGLISH ABC

*English level: beginner*
This course aims to help beginner English learners familiarise, practise and be adept in the basic English alphabet, numbers, the verb to be and common, frequently used words. English beginner learners would have the chance to practise their listening, speaking, reading and writing skills.

ENGLISH INTERMEDIATE

*English level: A2*
This course extends students basic literacy skills to access a more advanced level of stories and informational texts. A grammatical base is established so that students can engage in more extensive and sophisticated verbal discussion, reading and writing activities. Verbal discussions will include less rote questions and more conversation and discussion skills.

CURRENT AFFAIRS

*English level: B2+
This course will help keep students up to date with events happening throughout the world. Apart from familiarizing students with current affairs, this course will also frequently incorporate other social science lessons, such as history and geography, in order for the student to gain a holistic knowledge of the topic.

READING CLUB

*English level: B2+
This course is designed to introduce students with an intermediate level of English to high intermediate and lower advanced reading. In this course, students will read three separate stories, two short stories and one longer story. With each story, there will be corresponding activities and exercises.
African Storybook
*English level: B1 & swahili*
This course will take students to Africa through five stories from the continent, read in English and Swahili.

Math Level 1
*English level: B1+
This course aims to help students acquire basic knowledge of mathematics. In “Math level 1” students will learn to count using Arabic numerals, calculate with the four operations and to recognize the geometric shapes. It is important that students also recognize the fundamental value that this discipline has in everyday life.

Math Level 2
*English level: B2+*
This course aims to help students acquire basic further knowledge of mathematics. In “Math level 2” students will learn to use negative numbers, fractions, decimals, percentages, geometry, roots, powers, probability as well as functions and equations.

Simple Law
*English level: B2+*
This class is meant to familiarize students with the basic concepts of law. Students will learn the answers to fundamental legal questions, such as: what is the law? What are rights? How are they protected? Do children have rights? The focus of the class is to allow students to think and question broad topics relating to law.

Resilience Team
*English level: B2+*
This course will help students to develop individual strategies to promote their mental health and their well-being. The course will focus on understanding ourselves, learning about having insight and control over our emotions. Both theoretical and practical experiences and explanations will be provided.

Problem Solving
*English level: B2+*
This course aims to enhance and strengthen logical thinking in the student. Through games, riddles, maths and real life situations students are asked to think outside the box.

Meditation
*English level: B2*
This course aims to provide students a virtual safe place where to debrief and take care of their wellbeing during stressful times. Different meditation techniques are provided, explained and experimented during the course, to allow students to develop their personal way of meditation, self-awareness and self-care strategies.
